POLAND

DI Poland Tournament 2018

Wrocław the meeting PLACE

Poland

Poland lies in the middle of the European continent. Europe's geometric centre is near Warsaw.

Capital: Warsaw

Population: 38,5 million

Wrocław

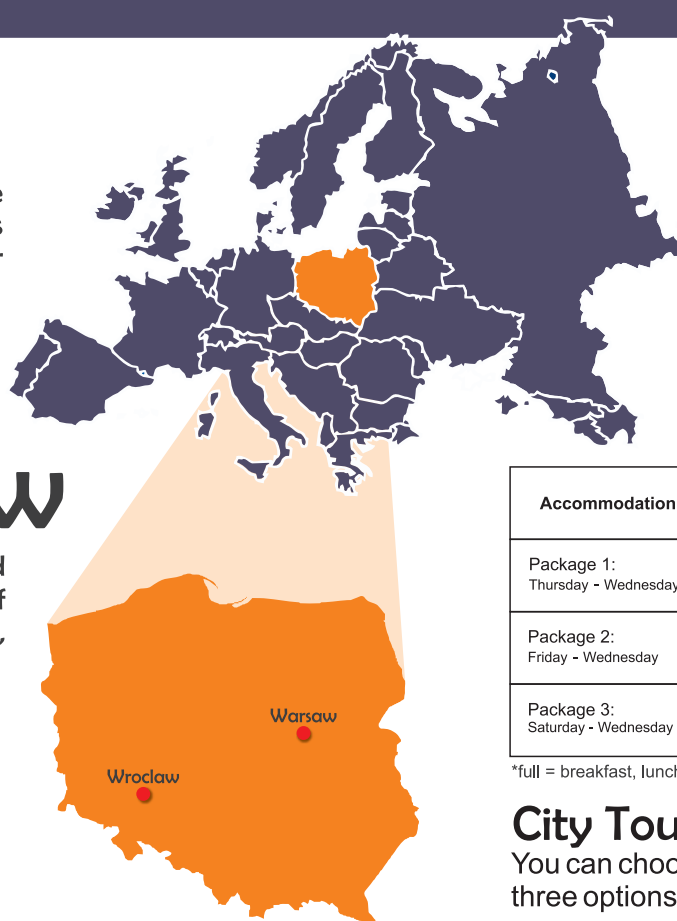

Wrocław is the most desired meeting place for people of culture, science, business, students and tourists.

Capital of Lower Silesia

The fourth largest city in Poland

12 islands connected with 117 bridges

Population: 635 000

Housing

All International Teams will be accommodated in a three stars standard hotel:

- **Invite Hotel,**
- **Ibis Wrocław Centrum.**

You will be informed about your accommodation soon after team registration closes.

Single rooms are available for Affiliate Directors or for teams after making additional payment - \$20 per person, per night.

Meals served at the hotel: Polish and European cuisine including vegetarian diet.

Registration Package

Total package (Thursday – Wednesday) – \$740

It includes:

tournament fees, housing, meals (breakfast, lunch, dinner), city tours, transport: airport transfers, transport between hotel and the event place, transport during city tours that you have chosen.

During the whole stay in Wrocław, every International Team will be accompanied by English speaking Group Leader provided by DI Poland.

*full = breakfast, lunch, dinner

City Tours

You can choose two City Tours (Package 1) or one City Tour (Package 2) from three options described below:

Option 1

The History of the City and Culture Day

- **The Market Square with The Dwarfs City Tour**
- **Polish folk culture shopping**
- **Discovery Center of Centennial Hall**

The Dwarfs City Tour

Dwarfs are small figurines that first appeared in the streets of Wrocław in 2001. Since then their number have been continuously growing and today they are considered as a tourist attraction. Currently (2017) there are over 320 dwarfs spread all over the city.

Option 2

The Creative Day

- **Hydropolis**
- **Workshops at Gardens of Experiences 'Humanitarium'**

Gardens of Experiences

'Humanitarium' Educational Center offers interactive exhibitions showing the use of technology and science in life involving all senses.

Hydropolis - Eco Education Centre, located in rebuild water reservoir, offers above 60 interactive exhibitions showing the role of water in universe.

Option 3

The Entertainment Day

- **Wrocław ZOO and Afrykarium**
- **Jumping Hall**
- **Sky Tower City View**

Arykarium is the biggest attraction of the ZOO. It is an oceanarium with roughly 5000 animals housed.

Sky Tower

It's the tallest building in Poland with accessible viewpoint on the 49th floor.
